

Adopt-A-Spot Agreement

I, _____, representing _____,
(Individual's Name) *(Organization's Name)*
agree to maintain the Adopt-A-Spot located at _____.
(Address)

beginning when I sign this agreement and continuing through December 31, 2016.

Renewal of Adopt-A-Spot Agreements will be in January every two years. Please indicate below exactly how you would like the sign for your spot to read (be brief):

_____.

Plant maintenance is defined as watering, weeding, feeding, pruning, and removing trash.

I agree that I will not hold the City of Paducah liable for any possible injuries that might occur while maintaining my adopted spot, and I am totally responsible for my actions.

If my adopted spot (or new spot) requires new plantings (other than annuals), mulch, compost, tree removal, maintenance information, etc., I agree to contact and share plans with the Adopt-A-Spot committee. The committee will make a request to the City of Paducah for needed items or services. The committee will also direct me to someone who will answer my plant maintenance questions. I agree to have plans approved by the committee prior to making major changes in my adopted spot. I understand that only living plants (nothing artificial) are to be planted.
