**Certification of the Request:** "I certify under penalty of law that final stabilization means that all soil-disturbing activities at the site have been completed, and that a uniform perennial vegetative cover with a density of 70% of the cover for unpaved areas and areas not covered by permanent structures has been established; equivalent permanent stabilization measures (such as the use of riprap, gabions, or geotextiles) have been employed. I understand that by submitting this Notice of Termination does not release the permittee, site contractor, property owner, or developer from liability for any erosion or unstable soil conditions that may occur from this date forward in association with this permit. I also understand that by submitting this Notice of Termination, the City of Paducah has the responsibility to periodically inspect the property associated with this permit until it is determined by the City of Paducah that the said property meets the Notice of Termination requirements and a full release of the permit and fiscal surety can be granted. A Notice of Termination does not grant full release of the permit. Full release of the permit and fiscal surety shall be granted by the Engineering Department Representative issuing a "Final Inspection Report" to the permittee. I hereby certify that this document and any attachments were prepared under my direction or supervision and that the information submitted is to the best of my knowledge and belief, true, accurate, and complete."
